

HIGH BRIDGE BOROUGH

Hunterdon County, New Jersey

VOLUME XCV

SPRING/SUMMER 2015

2015 Events Continue!

The 2015 year promises to be another busy and exciting year in High Bridge.

The weather is warming up and we are starting to spend more time with outdoor activities. During this time, our event committee volunteers and council turn their attention to planning family fun events such as Soap Box Derby, Pooch Parade, Movies in the Park, Summer Concert Series, Community Day, Plein Air Paint Out and much more.

As this year marks the 20th Anniversary of our Columbia Trail, a special committee was formed to organize even more family fun events highlighting and celebrating one of town's finest outdoor recreational assets. Events include naturalist walk along the trail, historical guided walk, biking, and a dedication ceremony for a new sign in the entranceway of the Columbia Trail.

Many of our local businesses play a vital role in making our events happen. Through their generous support, we run the events without a cost to the taxpayers. The generosity of our businesses, such as Premier Sponsor, Custom Alloy, and the hard work and dedication of many volunteers make the events happen for our community. Working hard to make our community special! There is something magical about our little town: the people, the businesses, and the community spirit! What a wonderful place to live!

Come celebrate how special our town is and come to one of our great events!

See you there!

Details of each event can be found in the inside of this issue.

If you have trouble or concerns, please contact the Borough Administrator John Gregory at 908-638-6455-Ext 26.

TRASH COLLECTION

COLLECTION OUT & IN REQUIREMENTS

Trash containers should be placed curbside from **7 pm the night before** collection day to avoid missing an early pick up.

Containers must be brought back from the curb by **9 pm on the day of collection**. Residents will be subject to penalties for empty containers left out overnight after collection.

Upon conviction for violation of any provision of this Code or other ordinance of the Borough of High Bridge, the maximum penalty shall be one or more of the following: a fine not to exceed \$2,000, imprisonment in the county jail for a period not to exceed 90 days, and/or a period of community service not to exceed 90 days. [Amended 6-13-2013 by Ord. No. 2013-13]

Each and every day upon which a violation of any provision of this Code or other ordinance exists shall constitute a separate violation.

TRASH STICKER REMINDER

Due to the unusually frigid temperatures this winter, some garbage stickers fell off the bags.

The trash provider still picked up at least one of the bags.

This “grace” period is over and all trash must have a sticker or it will NOT be picked up.

SPRING BRUSH COLLECTION

Spring Brush collection commenced in April and will continue through June. The scheduled days for pick up in May and June are: **MAY 18 | JUNE 22**

- Brush must be ready for pick-up the Sunday before collection begins.
- Please place brush at the edge of the lawn as per Storm water management regulations.
- Please do not place brush on the roadways.
- Please have cut ends of the brush facing the street.

DO NOT place leaves or other yard debris on the brush as it will be left. Once we have passed your residence we will not be back until the next collection date. Call us if you have any questions regarding the pick-up in your area! 908-638-6455 Ext 26.

MOVIE SUMMARIES

Paddington

Genre: Animated Family Movie 95 minutes Rated PG

Adapted from Michael Bond's enduring children's book series. As the story opens, Peruvian bear Paddington (voice of Ben Whishaw) makes his way to the big city, where he quickly gets lost until being taken in by the benevolent Brown family. Meanwhile, as the curious cub settles into his new life of domestic bliss, a scheming museum taxidermist embarks on a personal mission to get him stuffed and mounted.

Alexander and the Terrible, Horrible, No Good, Very Bad Day

Genre: Family Adventures 81 minutes Rated PG

Judith Viorst's acclaimed children's book is brought to the big screen. The tale recounts a day in the life of a grumpy young boy who has everything go wrong, all in one day.

ET: The Extra Terrestrial

Genre: 1982 Classic 115 minutes Rated PG

A sci-fi adventure that captures that moment in youth when the world is a place of mysterious possibilities and the universe seems somehow separate from the one inhabited by grown-ups.

This outdoor art event “wows” audiences every year with fine art work created by artists who paint en plein air (French for “in the open air”).

An exciting new format is on tap for 2015, where after checking in at the Harvest Café on May 30th, artists will paint through June 6th using various forms of media. The subject matter can be of anything within the Borough of High Bridge as well as the Ken Lockwood Gorge. Then on Saturday, October 3rd (rain date on the 4th) the artwork will be exhibited to the public at an outdoor show and silent auction at Riverside Wines & Liquors parking lot. This is a rare and wonderful opportunity to purchase quality art created from well established artists at very affordable prices.

Registration is still open at the time of submitting this article for publication. If interested in participating, **email: hbpaintout@yahoo.com**.

Be sure to “like” the High Bridge Paint Out Facebook page for the latest updates and news about this event.

HIGH BRIDGE *Women's Group*

The Women's Group was incorporated in 1980 and continues to be a supportive link in the High Bridge community. You'll always see our members at Community day, the Halloween Parade, and the Easter Egg hunt; we're there to assist.

In addition to these events we serve the community by making donations to our service organizations and students at the high school and middle school. Our meetings are held on the fourth Tuesday of each month at 7:30 pm at the Rescue Squad Building.

Please contact Chris Marx for information 638-4146 or csmarx@comcast.net.

CUB SCOUT PACK 149

We are High Bridge's local Cub Scout pack. We consist of boys from the High Bridge area who are in 1st - 5th grade.

We've had a terrific year so far. We just had our Blue & Gold ceremony where we bridged over our 5th graders into Troop 149 so they can continue their scouting path. We wish them luck on their journey. We'd like to thank the parents who've helped us throughout the year with their time. We'd also like to thank outgoing leader Dave Gove for his years of service.

As far as activities, the scouting year is almost done, but there are a few more things the scouts have lined up:

- Camping at Round Valley
- Spring Food Drive
- Memorial Day Ceremony
- US Flag Retirement
(If you have a flag that needs retirement, please contact us)
- End of Year Picnic (at the last meeting)

Please visit the Pack's website <http://highbridgepack149.wix.com/pack-149> for details about the pack and upcoming events.

Does your son like the outdoors, helping the community, and having fun with his peers? If so the pack is always open for new boys, ages 6 - 11, to join us as a scout at any time of the school year. Simply come to one of our pack meetings and sign up. We meet every 3rd Monday of the month from 6:45 - 8:00 pm at the Elementary School Gym. *NOTE - The last meeting until fall is June 8th. *

Thank You,

Jon Valenta

SUMMER RECREATION

The Summer Recreation Program welcomes High Bridge children who have completed grades K-7.

The program will run from 9:00 am to 12:00 pm. and will be held July 6 – July 17.

Enroll your child or children for one session or both weeks.

The program will be located at High Bridge Elementary School.

We encourage all participants to bring their own water bottle & a healthy snack each day.

Register on line at www.HIGHBRIDGE.ORG

Veteran's Page

Memorial Day Ceremony Saturday, May 23 11:00 AM at CK Hoffman Memorial Park

Memorial Day was first called Decoration Day and honored men who had died in the Civil War. It now honors servicemen and servicewomen who died in any war. Come join with the American Legion Post #188 and the Cultural & Heritage Committee as we remember all American Service people who have given the ultimate sacrifice for our country.

PLEASE JOIN US IN THANKING OUR VETERANS!

CK Hoffman Memorial Park is located at the intersection of West Main St. and County 513. Next to the NJ Transit commuter parking lot.

Bring a chair.

PLEASE HELP KEEP OUR VETERANS MEMORIAL PARK SIGNAGE FREE!

If your borough organization has an event sign to display, please place the sign to the side of Veterans Park rather than directly in front.

Signs should not be up longer than a week before the event and should be taken down right after the event. This area is for non-profit organization signs only.

Thank you for being respectful of this special area.

In Loving Memory

The following April 1, 2014 – March 31, 2015 deceased Post 188 American Legion members will be honored at this year's ceremony:

Arthur C. Buddy Adler – Army, Korea

Thomas J. Devine – Navy WW2

Raymond L. Housel – WW2

Arthur F. Winstanley – Army, Korea

FROM CULTURE & HERITAGE COMMITTEE

High Bridge is rich in History and Culture. Join the Cultural and Heritage committee and help peel back the years. We are looking for committee members to serve our borough and its citizens, and also friends who want to come and lend a hand. Whether your interest is art, poetry, music, architecture, sculpture, literature or any other cultural entity, we would love to have your contributions.

If you are handy with a rake or a hammer, our historic properties are in constant need of tender loving care which you can provide. Research and grants are also crucial to our work; we would like your help there, too.

Our meetings are the third Tuesday of every month at borough hall. You can drop us a line at heritage@highbridge.org for more info or any questions comments or concerns.

-Eric Erb

Chair, Cultural and Heritage committee

With the current working title of In Solitude, High Bridge native Kaitlin Overton has been working on a new site-specific, devised work of theatre that will be based on interviews conducted with the community of High Bridge.

The piece will be centered around Solitude House and explores the community's personal experiences with their own hometowns, communities, and uprooting to High Bridge.

The piece will be produced by No Dominion Theatre Co., of which Kaitlin is a co-founder, and is set for early to mid November of this year. Performance will be at Solitude House.

FROM THE BOARD OF HEALTH

It's Time For Lyme

As we enter spring, please keep in mind the following Lyme information and prevention tips:

- * Ticks become **more active** once the outside temperature rises above 40 degrees F
- * **Daily** tick checks are crucial elements in Lyme disease prevention.
- * Tick repellants should be worn when in Lyme habitats.

Remember: It is not the tick that you find that is likely to cause Lyme disease. It's the one you never find.

FROM THE ENVIRONMENTAL COMMITTEE

JUNE 27TH

JUNE 27TH

RIGID PLASTIC RECYCLING EVENT

9:00 a.m. to 12:00 p.m.

Union Forge Park

What are large rigid plastics?

They are harder and thicker plastics than the plastic bottles you have been recycling. Large rigid plastics will be baled and sold to manufacturers who recycle them and make new products.

How do I recycle large rigid plastic items?

Large rigid plastic items are NOT acceptable for curbside collection. They are acceptable only at our town's recycling event. Carefully read the list of acceptable large rigid plastic items before putting anything into the collection container.

Acceptable items: (remove any wheels and metal)

- Large plastic toys
- Laundry baskets
- Plastic pet carriers
- Kitty litter buckets
- Plastic storage containers
- Plastic garbage & recycling containers
- Empty & dry plastic paint cans
- Plastic shelving
- Plastic outdoor furniture w/o PVC pipes
- 5-gallon buckets without metal handles

Unacceptable Items - Do not recycle with large rigid plastic

- Plastic bottles & metal cans
- PVC # 3
- Polystyrene (Styrofoam®) # 6
- Flower pots & flower trays
- Bags
- Computers & electronics
- Electric appliances
- Electric toys
- Battery-operated items
- Metal - remove from items
- 55-gallon drums
- Liquids
- Chemical or motor oil containers
- Coolers
- Tool boxes
- Wheels - remove from items
- Tires
- Water hoses
- Vacuum hoses
- Drain pipes
- Plastic sheets or film
- Vinyl siding
- Fiberglass
- Rubber items
- Cardboard & other paper
- Wood
- Glass
- Dirt, rocks, mud
- Medical or hazardous waste
- Clothing
- Garbage

COMMONS MULCH AREA

Being able to bring your yard brush to the commons is a service we provide to our residents. Only brush and tree branches (3 in or less in diameter) may be brought by residents to the area behind the Commons Park on designated Saturday mornings from 9AM to 1PM.

Check the calendar on our web site for dates.

Please do not leave items in plastic bags.
No pieces of lumber/wood.

It is against the law to dump any other items and subject to a fine up to \$1000 / 90 days jail/ community service.

Ordinance No. 2006-3; 2011-21; 2011-23

We ask if any one observes illegal dumping at the Commons to report the day, time, type of material and the vehicle license plate number to the High Bridge Police: 638-6500

By: Councilwoman Lynn Hughes

COMMONS E-CONTAINER

Electronics Recycling Container

We are pleased to offer residents of High Bridge a place to recycle electronic items, televisions, and computers on a regular basis. No need to wait for our recycling event if you need to get these recyclable items out of your home or office. By law televisions and computers cannot be recycled at curbside.

We have contracted with SAMR (the same company that does our one day event) to have a shipping container placed in the commons brush area. The container will be available to accept items 9am - 1pm on the same weekends as the brush drop off Saturdays. Check the calendar at highbridge.org for dates.

You will need to show proof of High Bridge residency or High Bridge place of work in order to take advantage of this recycling.

No freon containing items (refrigerator, air conditioners, dehumidifiers) and No white goods (washing machine, dishwasher, stove) will be accepted in this container.

We will continue to hold our annual April electronics recycling event. Along with all electronics, freon containing items and white goods will be collected at this one day spring event.

SAMR ensures that all data on any hard drives or other media is secure and / or destroyed. All materials will be properly recycled in accordance with all local, state, and federal laws.

Items recycled will count towards our yearly tonnage report.

FROM THE ENVIRONMENTAL COMMITTEE

Enjoy our Open Space

The Environmental Commission invites you to take advantage of our varied open space areas.

- Walk or bike the Columbia or Nassau Trail.
- Relax with a good book in the quiet area of the Commons.
- Take the kids to Union Forge Park for active recreation.
- View the Solitude Falls from the sitting area off the Columbia Trail.
- Follow the well marked Taylor Steel Workers Historic Trail to the historic Forge

Check out all our open space by viewing the Open Space Brochure created by Girl Scout Troop #243 at our town web site: highbridge.org

It's a great time to get out of your house and enjoy your town's open space!

* Remember to do a tick check every time you return from enjoying the outdoors.

Arbor Day & Earth Day Celebration

The Borough Environmental Commission and the High Bridge Elementary School Environmental Club will be celebrating Arbor Day and Earth Day on May 15 by weeding and planting in Commons Park. The two groups meet annually to beautify this community gathering area. If you would like to donate a deer resistant plant for us to plant, please contact Lynn Hughes at 638-8887.

Beautification Project McDonald St. Parking Lot

The Environmental Committee will be continuing their efforts to enhance the appearance of the McDonald St. parking lot area. Some planting was started last fall and will continue this year using the remainder of the 2014 garden grant received from Somerset Hills Garden Club. We are also working with other committees to sponsor a mural painting project on the retaining wall around the parking lot area. Through this project, we will pay homage to our town's history.

“CAUGHT BEING GREEN!”

The Environmental Committee is looking for environmentally responsible residents. Please submit the name and the environmental action of any HB resident you have observed going out of their way to be environmentally responsible. Check out past Green Award recipients on the environmental committee page of our town web site at highbridge.org

The environmental committee presents this Green Award yearly. We have two nomination categories: one for adults or organizations and the other for youth. Nominations for the annual Green Award should be sent to lhughes@highbridge.org.

FARMER'S MARKET

High Bridge will once again be holding our Farmers' Market on Saturdays this summer and fall from 8:30-noon on Main Street in the parking lot of Riverside Wines. Make plans to join your neighbors and help us celebrate 28 years of what has become a High Bridge institution.

The High Bridge Environmental Commission is interested in establishing and promoting local food initiatives in conjunction with the Farmers' Market. We are looking for members of the community interested in helping to promote and grow the market. If interested, please call Borough Hall 908-638-6455

FROM THE ENVIRONMENTAL COMMITTEE

WET WIPE AWARENESS

Wet wipes, long used for baby care, have grown popular with adults. Some of the products are labeled as “flushable” — a characterization contested by wastewater officials. Flushable wipes are marketed in a variety of ways, such as “breaks down like toilet paper” and “safe for sewer and septic.”

The problem is that they appear to take longer to break down when compared to traditional toilet paper, and as a result have caused major blockages in sewer systems. Wet wipes, which do not disintegrate the way traditional toilet paper does, often combine with other materials, like congealed grease, which can clog and damage plumbing. Wipes that clog pipes can lead to blockages that can cause sewage overflow into basements or streams.

If you are concerned about whether flushable products are causing a problem to your system, stop flushing the items in question. Instead, bag them and place them in your garbage for collection. When in doubt, just because an item says it can be flushed doesn't mean it should be.

Storm Water Management

Look for storm drain markers in your neighborhood with the message: “No Dumping, Drains to River”. These markers will serve as a reminder that our storm drains lead directly to the South Branch of the Raritan River and that we all play a part in the solution to water pollution!

What can you do to help?

It's simple! Dump nothing on your property or down the storm drain that you wouldn't swim in or drink!

Here are a few changes we can make to ensure a clean water supply for years to come:

- Pick up after your pet and dispose of pet waste in the garbage.
- Use less fertilizer.
- Avoid pesticides.
- Compost garden trimmings.
- Take motor oil to the recycling center.
- Pick up litter in the street.

Grass Cuttings & Storm Water Regulations

Be aware that state mandated storm water management regulations state that grass cuttings cannot be left in the street or placed in any storm drain. For more information refer to HB Ordinance No. 2006-24.

By: Environmental Committee

FROM THE ENVIRONMENTAL COMMITTEE

Please Recycle

We are asking our residents to help us reduce the amount of recycling that goes into our garbage collection. Besides helping us to meet the state mandated 50% recycling rate you will be helping the environment. Did you know that we are eligible for state recycling grants based on the amount of our annual recycling tonnage reports?

Curbside Recycling Collection

All recyclable material, including newspapers, magazines, junk mail and cardboard, may be commingled and combined with other recyclable items including unbroken glass of any color, aluminum, tin, paper and plastic #s 1 - 7, any size and any shape. These commodities do not have to be separated and can be mixed in open or closed containers of your choice. Please rinse out items and remove lids and bottle caps. Labels can remain.

There are three options to prepare commingled and combined recyclables for collection:

1. Place commingled recyclables in a single, reusable container, securing the contents in the container so they cannot blow out of the container*
2. Bag commingled recyclables in clear plastic bags
3. Tie separated paper product recyclables in bundles as follows: cross-tie newspapers, magazines, single-ply cardboard (such as cereal boxes and gift boxes), corrugated cardboard, and junk mail (not shredded) in separate bundles 8 to 12 inches high placed next to other recyclables in containers or clear plastic bags

Curbside recycling is a service our town provides for its residents. Please take advantage of this service. Recycling does make a difference in our environment. Our goal is to keep all recyclables out of the trash flow.

Recycling Dates & Collection Process

To make recycling as convenient as possible, we have curbside collection every other week. We also list the recycling dates in the town newsletter. Take a few minutes to copy the dates on your monthly calendar as a reminder.

Place recycling out the night before your pick-up day. Collection begins early in the morning. If your recycling is put out late and you find the truck has gone by, do not leave it at the curb, please bring it back into your yard. It will not be picked up until the next scheduled pick-up collection day.

Sometimes our collector has a problem and cannot finish all the streets on the collection day. If they haven't been to your street at all, leave your materials curbside and they should be by the very next day to pick them up. Check the borough web site for updates.

***IMPORTANT: The recycling collector will NOT pick up loose items in the street. Residents are responsible for picking up any items that blow out of their containers.**

Please call Borough Hall 638-6455 to report any recycling problems.

Additional recycling opportunities may be found on the town web site: highbridge.org

Recycling remains one of the best hands-on ways for individuals to protect their environment. Thank you for making an effort to recycle! You will make a difference!

COLUMBIA TRAIL 20TH ANNIVERSARY EVENTS

This year marks twenty years of walking, riding and exploring on the Columbia Trail. A Trail Anniversary Committee has been formed and several fun events are planned. If you would like to be a part of the events, have an idea for an event, or would like to sponsor/schedule one of your own, please contact Councilwoman Adrienne Shipp at ashipps@highbridge.org. Following is the schedule as of April:

Saturday May 2nd - Two Nature Walks by Hunterdon County Park Naturalist, sponsored by the Environmental Committee - 10am and 11am - Meet by the Stage in the Commons Park, Main St. RSVP to lhughes@highbridge.org

Saturday June 6th - Celebrate National Trails Day with a guided tour of the Taylor Steelworkers Historic Greenway, an offshoot of the Columbia Trail, sponsored by the Union Forge Heritage Association (stewards of the 7 mile long trail) - 9:30 am - Meet at Union Forge Park - RSVP to ufhanj@hotmail.com

The trail entranceway dedication ceremony is scheduled for a day in June - details upcoming. We have several committee members working on the design of

an archway to frame the Trail entrance at Main Street. Want to be involved? Contact us!

Early October - Bike the Columbia Trail - Organized ride along the 15 mile stretch of the Columbia Trail, being planned by avid mountain biking resident, Keir Loiacono, and the Harvest Cafe.

Stay tuned to the High Bridge Website for more information!

The History of the Columbia Trail

It Started With a Railroad

The history of our beautiful stretch of trail begins a long time ago, with the railroad. The High Bridge Branch of the Central NJ (CNJ) Railroad started as a privately owned line 1.24 miles long belonging to Lewis Taylor of Taylor Wharton Iron and Steel Company. It opened in 1876 and ran from High Bridge to Port Oram (now Wharton). Its purpose was to haul iron ore from mines in several towns in Morris County to the Taylor Iron Works located at the current site of Custom Alloy Corporation. The service eventually expanded to haul other goods as well as passengers. Trains also carried mail, and by 1883, 250 pounds of mail a day were carried on the High Bridge Branch. During the First and Second World Wars, the line was used to bring ammunition from the Picatinny Arsenal to staging areas along the East Coast. The line grew to a total length of almost 23 miles, counting the branches in Chester. Central New Jersey railroad reported spending over \$1.4 million on the line.

Passenger services came to an end on the line in 1935 due to the growth of roads and industry. In March of 1971, as part of its "Blueprint for Survival" the CNJ divested itself of remaining branches in order to preserve the rail system and abandoned the High Bridge Branch. Conrail bought it and later deemed the branch redundant. Freight services were finally halted in 1976 and the tracks were dismantled in 1980.

High Bridge Gets Involved

When the track was removed much of the rail ties were discarded over the hillside. Others decided to use the area as a dumping ground for garbage and unwanted items. Over the years encroachment on to the trail occurred, with people parking vehicles and building stairs onto the right of way. During that timeframe (1988), volunteers and concerned citizens from High Bridge began cleaning up the abandoned rail bed, making it into something that began to be used by hikers and bikers. The I'm for High Bridge committee and many other volunteers hired a garbage truck to drive down the trail, cleaning up all types of debris, including washers and dryers. In the end, it took three trucks to remove the accumulated trash.

In the mid-1990's, the Columbia Gas Transmission

Company gave the 100-plus acres comprising the trail right-of-way (surface rights) to the Hunterdon and Morris County Park Systems. The gas company had run a major gas line through NJ on this property primarily because there would be no condemnation due to it being the old CNJ rail line.

It was about this time the Borough decided to really get involved. Al Schweikert, who was the High Bridge mayor at the time, met with Rails -to-Trails, who advised to apply for grant money. During the process it was realized that Hunterdon County Parks and Recreation had done the same thing, and High Bridge then partnered to push for trail funding together.

Many Hunterdon County Parks and Recreation members were involved in the decision making and funding acquisition for the Trail. Tom Rosol, Bill Clothier, and John Trontis of the Hunterdon County Department of Parks and Recreation had the vision to help establish and finalize this corridor as a recreational trail.

The County, with the majority of support from Mr. Schweikert, including letters and attendance at meetings, applied for and received over \$1.5 million in Federal grants. Approximately \$500,000 went toward drainage before the trail itself could be worked on. To ensure safety, emergency vehicle access along the trail was advocated by High Bridge, making sure the bridges and access points were built to carry potential fire/rescue traffic to get to the properties off the trail.

The Trail Officially Opens

In 1995 the trail was opened as The Columbia Trail. Minutes of Hunterdon County Parks and Recreation meetings indicate that the county suggested the name "Columbia Trail."

In 1996, the Borough Boy Scouts honored longtime Scoutmaster Jon Cardenas and his wife Mary by dedicating the trail to them. High Bridge Boy Scout Troop 149 pledged to maintain the seven-mile stretch from High Bridge to Morris County. High Bridge resident and Scout Leader Mike Sebastiano created a special walking stick emblem of the trail for the Scouts (see picture).

COLUMBIA TRAIL - continued

Article Continued....

High Bridge is still recognized for allocating the largest parking area of any town along the trail. In 1996 the Borough purchased the 7 acre railroad yard, the "wye", from Conrail and transformed it into what we now know as The Commons. Currently the Borough is adding more parking to the Commons, and it is used by hundreds of trail visitors throughout the year.

The trail was resurfaced in 2001-2003 using funds from the Federal Highway Administration, administered through the state Department of Transportation.

High Bridge continues to stay involved in the trail. The borough Environmental Commission and the High Bridge Elementary School Environmental Club participate jointly in the Hunterdon County Park System "Adopt - a -Trail" program. We have adopted the first three miles of the Columbia Trail. It also continues to be recognized nationally: In October 2014, Rails to Trails Conservancy selected the Columbia Trail as

its trail of the month, highlighting the large amount of visitor feedback in comparison to other trails across the country.

The name of the Trail presents a conundrum. Some say Engine # 112, which plummeted from the gorge bridge was called "Columbia." But the Columbia Gas Line also presents as a namesake. Which was it really named for? The High Bridge Library has several books on NJ railroads....one may hold the answer.

From the daffodils in Spring to the spectacular foliage in Fall and the coldly beautiful Winter views, the Columbia Trail has the power to invigorate, renew and refresh. Our little Borough has always been proud to be the starting point and a big part of the Columbia Trail history and its continued popularity. We look forward to celebrating this year in the form of special events focused on the trail, and to hosting visitors, new and old, for many decades to come!

COLUMBIA TRAIL - continued

Disaster at the Ken Lockwood Gorge - 130 Years Ago!

Have you walked the Columbia Trail far enough to get to the Gorge Bridge? The area very likely looks the same as it did 130 years ago, when a High Bridge-bound train met with disaster.

A notable portion of the Columbia Trail is the Ken Lockwood Gorge, between Califon and High Bridge (2½ miles north of High Bridge). This was the site of a tragic accident on April 18, 1885, when an ore train, made up of five cars containing 90 tons of pig iron and 40 cars with 500 tons of ore, plummeted 60 feet into the gorge when the wooden trestle bridge gave way. According to accounts in the April 25, 1885 edition of the "Iron Era" (Dover's local newspaper), the train was moving along at 3 mph toward High Bridge. The locomotive (#112) and several cars got across when the center span of the

bridge caved in. The couplings between the cars held, and the entire train was pulled down, its cars and contents filling the river below. The disaster occurred due to rotten timbers on the nine year old bridge, which had never been treated or painted to protect it from the elements. A brakeman was killed in the wreck; others jumped to safety. The Philadelphia and Reading Railroad, who leased the CNJ at the time, were charged with criminal negligence for not repairing the bridge. The damage to the locomotive, however, was slight; after being hoisted out of the gorge it continued in service another seventeen years. The next time you stroll out to the Gorge, imagine that bridge with no side rails, the trains that crossed it daily, and the history that is richer because of it.

UNDERSTANDING REVALUATION

Revaluation what is it? Why do a revaluation? Does a revaluation increase my taxes? How is a revaluation done? These are question I am sure many of you have. I will discuss these topics below.

What is a Revaluation?

Revaluation is a process that a municipality uses to appraise all taxable real property within its boundaries to its current value. The goal of a revaluation is to spread the tax burden equally among the taxpayers.

The current value is an estimate of what a willing buyer would pay for a property from a willing seller, on October 1 of the pretax year.

Why Do a Revaluation?

A municipality's tax burden is divided up and charged to each taxable property owner based on the assessed value of each property. In order for each taxpayer to pay their fair share, the property value needs to be adjusted periodically to reflect changes in value, due to changes in market conditions.

Some of the reasons for a change in value are;

- a) Changes in the economy.
- b) Changes in the style and custom (size, style of home).
- c) Changes in zoning.
- d) Delays in processing of building permits, which delay tax assessments on new construction.
- e) Changes in characteristics in areas or neighborhoods in the municipality and within individual properties.

Will a Revaluation increase my Taxes?

A revaluation does not necessarily increase your taxes. Assessments are used as a base to apportion the tax burden. The tax burden is the amount of money a municipality needs to raise for the operation of county and local governments along with the school system.

For a more detailed discuss of this topic go to the web site at the end of this article.

What is the revaluation Process?

Usually a physical inspection of each property is done, both interior and exterior along with building dimensions, number of bedroom, bathrooms, garages etc. are recorded. , except for income producing properties which are analyzed based on their income capabilities. All other relevant information that my affect the value of a property is gathered, reviewed and analyzed in order to determine the full and fair value of each property.

What is expected of the Property Owner?

Equitable revaluation depends on the cooperation of the taxpayer. In order to most accurately value a property an inspection of the interior is needed. This requires the permission of the property owner. The municipality and the company performing the valuation will work hard to cause the property owner the least amount of inconvenience. The type of data collected includes but is not limited to; number of bedroom, bathrooms, verifying measurements, interior and exterior finishes and an observation of the condition of the property to determine the effective age of the property.

A notice will be sent to each taxpayer advising them of the new appraised value prior to the new value being officially listed on the tax list. This notice will include information on how to arrange for a personal informal hearing to review the proposed assessment. If the taxpayer is still not satisfied after the informal hearing, they may file for an appeal with the County Board of Taxation.

You may obtain more information on revaluation at the following web site www.state.nj.us/treasury/taxation, which was a source of information for this article.

Homestead Benefit Program

Homestead benefits for 2012 were applied to May 2015 property tax bills. Homeowners who indicate when filing that they no longer own the property, or those whose principal residence was in a continuing care retirement community, will have their benefit issued in the form of a check. The deadline for filing 2012 application was January 31, 2014.

Property Tax Reimbursement Program

Applications for the 2014 property tax reimbursement (Senior Freeze) were mailed in February to senior citizens and disabled residents who may be eligible for the program. The deadline for filing the applications is June 1, 2015.

Applications are also available from the Tax Office if you did not receive one in the mail.

The Property Tax Reimbursement (Senior Freeze) Program, now in its seventeenth year, reimburses qualified applicants for the property tax increases they incur each year. The amount of the reimbursement is the difference between the property taxes due and paid in the applicant's "base year" and the property taxes for the current year. Applicants must continue to meet all the income eligibility and residency requirements and must file an application each year to receive the reimbursement.

HIGH BRIDGE FIRE DEPARTMENT

SPRING CLEANING TIPS AROUND THE HOUSE

- Make sure your address numbers are up and visible from the street.
- Maintain a clear 'fire zone' of 10' around structures.
- Check outdoor electrical outlets and other electrical appliances for animal nests and to ensure for proper wiring.
- Remove leaves and trash from carports and garages: Combustible materials are dangerous if they are exposed to heated automobile components, especially under the vehicle.
- Do not use a chimnea on a deck or near any structure. Outdoor chimneas must be properly secured in a safe area and have a protective screen to catch hot embers.
- Check fuel containers for leaks and make sure they are properly stored.
- Let power equipment sit for approximately 30 minutes before placing it inside to be sure there is no possibility of fire.

FROM THE HB POLICE DEPARTMENT

As warm weather approaches residents are encouraged to take proper precautions to safeguard their homes and vehicles against burglary and theft. Entry points such as doors and windows should be secured prior to leaving to provide protection from unlawful entry. Do not store valued property in predictable locations and recording makes, models and serial numbers of electronics and photographing jewelry makes it easier to identify stolen property. Immediately report any suspicious activity to the High Bridge Police Department (908) 638-6500.

Attention Residents:

39:4-36. Driver to yield to pedestrians, exceptions; violations, penalties.

a. The driver of a vehicle shall yield the right-of-way to a pedestrian crossing the roadway within any unmarked crosswalk at an intersection, except at crosswalks when the movement of traffic is being regulated by police officers or traffic control signals, or where otherwise regulated by municipal, county, or State regulation, and except where a pedestrian tunnel or overhead pedestrian crossing has been provided:

(1) The driver of a vehicle shall stop and remain stopped to allow a pedestrian to cross the roadway within a marked crosswalk, when the pedestrian is upon, or within one lane of, the half of the roadway, upon which the vehicle is traveling or onto which it is turning. As used in this paragraph, "half of the roadway" means all traffic lanes conveying traffic in one direction of travel, and includes the entire width of a one-way roadway.

(2) No pedestrian shall leave a curb or other place of safety and walk or run into the path of a vehicle which is so close that it is impossible for the driver to yield or stop.

(3) Whenever any vehicle is stopped to permit a pedestrian to cross the roadway, the driver of any other vehicle approaching from the rear shall not overtake and pass such stopped vehicle.

(4) Every pedestrian upon a roadway at any point other than within a marked crosswalk or within an unmarked crosswalk at an intersection shall yield the right-of-way to all vehicles upon the roadway.

(5) Nothing contained herein shall relieve a driver from the duty to exercise due care for the safety of any pedestrian upon a roadway. Nothing contained herein shall relieve a pedestrian from using due care for his safety.

- Child and Booster Safety checks are held at the High Bridge Police Department (99 West Main Street) by appointment for High Bridge Borough residents. EMERGENCY MANAGEMENT

Visit the FEMA web site below to learn how you and your family can get prepared

<http://www.ready.gov/build-a-kit>

"A disaster supplies kit is simply a collection of basic items your household may need in the event of an emergency.

Try to assemble your kit well in advance of an emergency. You may have to evacuate at a moment's notice and take essentials with you. You will probably not have time to search for the supplies you need or shop for them.

You may need to survive on your own after an emergency. This means having your own food, water and other supplies in sufficient quantity to last for at least 72 hours. Local officials and relief workers will be on the scene after a disaster but they cannot reach everyone immediately. You could get help in hours or it might take days.

HELP US COMMUNICATE EMERGENCY INFORMATION TO YOU

Get alerted about emergencies and other important community news by signing up for our Notification System. This notification system enables the Borough to provide you with critical information quickly in a variety of situations, such as severe weather, unexpected road closures, missing persons, and evacuation of buildings or neighborhoods.

How can YOU help?

No matter what your background or interests, Meals on Wheels has a volunteer opportunity that's just right for you. Volunteer drivers are needed to deliver meals to their homebound neighbors. Site volunteers at Nutrition Sites help pack meals and assist drivers as they prepare for their routes. Join us today – call the main office for more information – 908-284-0735.

LOCAL KNIGHTS OF COLUMBUS CONDUCT A BABY SHOWER

St. Joseph Council Knights of Columbus in High Bridge conducted a “Baby Shower” to obtain contributions intended for two area women’s health centers. The Knights solicited items that would be useful for a newborn baby like blankets, clothes, baby formula, diapers, or even usable furniture. Monetary donations were also encouraged. The collection was conducted at St. Joseph Church in High Bridge. The 2015 event was the council’s 5th annual Baby Shower.

Organized by Culture of Life Director, Rich Mirocco, the Baby Shower coincides with the “International Day of the Unborn Child” celebrated on March 25, nine months before Christmas. This year’s collection began with a Pasta Supper, hosted by the Knights, at which families were encouraged to bring a gift for the shower. When the collection period ended, the Knights had collected more than \$1,000 in cash contributions and a considerable number of gift items from generous Knights

and other parishioners at the High Bridge church. Bourbon Street Wine & Spirits donated the use of their box truck for delivery of the donated items to the Life Choices Pregnancy Center in Phillipsburg and the Friendship Center for New Beginnings in Flemington.

While the Knights have been very supportive of these women’s health centers, residents now have a way to donate baby items all year long. Inspired by Manager, Kristen Bolek, the owners of Bourbon Street Wine & Spirits have designated their Hunterdon County stores as drop off points for donations of Baby Items to Life Choices of

Phillipsburg. Residents who are interested in helping can bring items, during normal business hours, to the Bourbon Street Stores in Califon on County Route 513, Clinton on NJ Route 31 North, Flemington on NJ Route 31 adjacent to Stop & Shop, and Lebanon on US Highway 22 West.

FROM OUR SCHOOLS

BOARD OF EDUCATION:

The Board congratulates all who participated in the High Bridge Middle School production of "The Wizard of Oz," particularly the hard work of Courtney Shiffman and Jeff Thompson in coordinating the production.

The school calendar for the 2015-2016 is posted on the school website (<http://www.hbschools.org/>). Three important changes will occur for the 2015/2016 school year.

- Because of the late date for Labor Day, the school year will begin before the holiday, with students returning to school on Tuesday, September 1. This will allow students to end the school year earlier in June than would be possible otherwise.
- The calendar includes five emergency closing days (up from three days in previous years), to reduce the need to make up missed days on holidays and spring break.
- The start and end times of the school day will differ. The elementary school day will be from 8:30 AM to 3:10 PM; the middle school day will be from 8:28 AM to 3:15 PM.

Our current board and district goals for the school year reflect the Board's commitment to improving communication across all education stakeholders.

- Our board goals include (1) becoming a certified board by the end of 2014-2015 and (2) evaluating and implementing the necessary changes to improve communication between board committees and communication between and among board members.
- Our district goals include the following: (1) to improve student achievement district wide; (2) to measure the effectiveness of technology infusion on student achievement; (3) to develop a systemic plan to engage our community in the education process in High Bridge; and (4) to promote fiscal responsibility, accountability and transparency.

In February, we held the second of two parent information sessions for the year. Parents and staff provided opinions about recent school changes, input on decisions facing the Board, and comments on goals and activities the Board could take. Thanks to all who attended—your input is extremely helpful in completing our work. We plan to continue these sessions next year.

Board of Education meetings are open to the public and will be held on the following dates: April 27, 2015; May 18, 2015; June 22, 2015; July 13, 2015; August, 10, 2015; and September 1, 2015. All meetings are held in the elementary school library at 7 PM. We look forward to seeing you there.

ELEMENTARY SCHOOL NEWS:

We had a long winter with many snow days again this year. Unfortunately, our annual Read Across America reading night had to be cancelled due to snow. The students in third and fourth grade participated in the first round of the PARCC Assessment. The implementation of the PARCC went extremely well for the students and staff. We will continue the final section of the PARCC Assessment in May.

Throughout this year we have continued with our class meetings, character words of the month, spirit days and All School Meetings. We began the Healthy U program which was sponsored by the YMCA and Horizon. Through this program we focused on making good choices through eating and exercise. These are great opportunities for us to show our High Bridge Spirit. We are currently completing the Third Marking Period and looking forward to a great spring. Currently, we are planting seeds in preparation for our school garden. It will be exciting to get them planted outside this year.

When we wrap up the year, we will encourage our students to continue to read and explore the world around us. Ask plenty of questions, take some time with friends and family and enjoy a great summer!

Brian Bizzoco, Principal

MIDDLE SCHOOL NEWS:

I would like to thank students and parents for their patience during our PARCC testing periods. Our staff worked hard preparing our students and ensuring the technology was operational to conduct successful assessments. Even with delayed openings and closings due to snow, testing went off smoothly thanks to our students and staff.

We have had a cold and snowy winter where we used seven snow days, five delayed openings and one early dismissal. Since we had three snow days built into our calendar and we made up a day in February (President's Day). We are making up three days during Spring Break and will be ending school on Friday, June 12th.

We have had an excellent year starting with our fifth graders moving from the elementary school. They have made a great transition to the middle school by bringing a positive energy, supplying us with talented performances on stage, as well as gifted athletes.

We are extremely proud of our community outreach as well as our building goal of better communicating with the parents. Our redesigned web page and parent portal have been an effective communication tool which we will enhance next year. Our district app has received many positive comments. Please continue to read our web page www.hbschools.org for up to date information.

Thank you for a wonderful year and we look forward to seeing everyone in September.

*Sincerely,
Gregory Hobaugh, Ed.D.*
