## Meet the High Bridge Team from New Jersey American Water

### **Tom Shroba, PE** – Senior Director, Operations

Tom is responsible for the safe operation, maintenance and capital construction of water systems within the Northern Operations of New Jersey American Water. A licensed professional engineer, he has been with New Jersey American Water for nearly 30 years.

### **Frank Hadley** – Operations Superintendent

Frank is the licensed operator for neighboring water systems including Washington, Oxford, Belvidere, Mansfield and parts of Mount Olive, and would assume that role in High Bridge, too. Based out of Washington (Warren County), he's been with New Jersey American Water for 34 years.

WE KNOW WATER – IT'S WHAT WE DO!

**Safe and reliable water is a critical part of our daily lives.**

**That's why a YES Vote on November 7th is so important. It means:**

**Rate Stabilization to Protect Residents**

- Two Year Rate Freeze
- Future State Regulated Rates
- Low Income Assistance Programs

**Capital Investments to Ensure Safe, Reliable Water**

- 24/7 Online Monitoring of Water Supply System
- Leak Detection & Proactive Replacements
- Repair or Replace Inoperative Fire Hydrants
- Valve Exercise to Prevent Service Disruptions
- Replace 25+ Year Old Water Meters
- Tank Maintenance and Rehabilitation

**Enhanced Customer Service and Expertise**

- Professional, Licensed Operators & Engineers
- 24/7 Emergency Customer Service
- Convenient Billing & Payment Options

**Benefits for Borough Taxpayers**

- \$4.15 Million Initial Payment to Reduce Debt
- Eliminates Borough's Costly Environmental Compliance Risk
- Reduces Pressure on High Bridge Customer Rates from Needed Investment

**DID YOU KNOW?** New Jersey American Water provides 1 in 3 New Jerseyans with water, and has a 92% customer satisfaction rating.

**VOTE YES  
HIGH BRIDGE**
