

About the High Bridge Oral History Project

The High Bridge Oral History Project was initiated by the High Bridge Historical Committee for the purpose of discovering, documenting, recording, and preserving the history experienced by residents of the Borough. The Committee hopes to learn from Borough residents about their experiences and use that learning to produce reports, exhibits and history presentations to inform the public on High Bridge History.

Your History and Your Privacy

The High Bridge Historical Committee is honored to meet with residents of the Borough and is grateful to be entrusted with their oral histories. We seek to respect the privacy and wishes of anyone contributing to our project.
