Classification: Residential \_\_\_\_\_ Commercial \_\_\_\_\_ Industrial \_\_\_\_\_  
Driveway Location: Block \_\_\_\_\_ Lot \_\_\_\_\_ Zone \_\_\_\_\_  
Street Address \_\_\_\_\_

Submit design and fees to Borough Hall showing pertinent details for review and approval by the Zoning Officer (and Municipal Engineer for new driveway) prior to construction. Refer to definitions and review requirements on the back of this form.

**A. Repave Existing Driveway Application Fee: \$0 Escrow Fee: \$0**  
Repave Existing Driveway ( ) Pave Existing Unpaved Driveway ( )

**B. Modification to Existing Driveway Application Fee: \$150.00 Escrow Fee: \$500.00**  
Proposed work: (check all that apply)  
Change Width ( ) Change Length ( ) Change Elevation ( ) Drainage Work ( )

Submit a site plan showing existing conditions and proposed changes. No plan is required if only repaving existing paved driveway.

**C. New Driveway Application Fee: \$150.00 Escrow Fee: \$600.00**  
Submit two (2) copies of each of the following, as applicable:

- (1) Site plan showing the entire length of the driveway in reference to location of structures, intersecting roads, other driveways, septic systems and drainage structures.
- (2) Storm drainage plan showing type of drainage system, materials of construction, sizing of pipes, swales, culvers, gutter, grades and elevations.
- (3) Where existing lot grades exceed 10%, a profile plan showing existing and proposed centerline grades and elevations for the entire length of the proposed driveway.

**D. Certification**

The applicant agrees to comply with provisions of the High Bridge Driveway Ordinance. A copy of the approved permit and supporting plans and documents will be available at the project site.
